

## Individual ICMS Community Contribution Scheme Form

The ICMS Community Contribution Scheme (CCS) has been developed to encourage and acknowledge voluntary participation within the College and local community. The scheme acknowledges voluntary contribution by students on their Academic Transcript at the end of each term. The Transcripts will display a rating of student contribution for that term, based on the number of hours contributed.

The student is required to take this form to the activity, to be signed off by the activity supervisor.
