BACHELOR OF BUSINESS (ACCOUNTING)

The ICMS Bachelor of Business (Accounting) combines business, management and accounting studies to help you emerge a well-rounded accounting professional ready to provide real business value in a range of different sectors.

Being good with numbers is only part of the accounting equation. Great accountants analyse, advise and contribute to strategic business direction. They are good communicators, good with people and central to business decisions.

The ICMS Bachelor of Business (Accounting) provides an accounting specialisation within a broader business context. The degree has been approved for professional accreditation by Chartered Accountants Australia and New Zealand (CA ANZ), providing a solid endorsement of quality.

Subjects focus on core business skills with the addition of specialised accountancy subjects. Business subjects include sales and marketing; collaboration and managing people; strategic planning and innovative problem solving; and financial literacy. In your specialisation subjects you will develop a thorough understanding of accounting principles and their application and gain experience in preparing, evaluating and analysing financial data.

Accounting and business subjects are supplemented by elective subjects from a range of business areas. Your choices include electives in marketing, international tourism, entrepreneurship, hospitality management, event management and property management. This allows you to enhance your degree with subjects that reflect your interests and ambitions.

At ICMS we believe that the best learning experience combines practical and 'real world' experience with a strong academic foundation. Work Integrated Learning (WIL) subjects are built into your degree, meaning you graduate with more than a degree – you'll graduate with real world experience – and will have gained invaluable industry connections.*

The teaching of this course integrates the practical experience of industry specialists with a more formal academic approach, providing you with a practical perspective on today's business sector.

In your final year of the Bachelor of Business (Accounting), you will have the opportunity to participate in a major project subject which allows you to integrate business, accounting and professional knowledge and skills to develop and present a solution to a real-world problem.

When you study accounting at ICMS you will develop a thorough understanding of accounting principles and their practical application. Learning from business experts and through real industry experience, you will prepare, evaluate and analyse financial data. Upon graduation you will be able to evaluate and communicate the financial performance of an organisation and confidently contribute to business strategy and decision making.

Included in this course are the prerequisite units to apply for membership to CAANZ and CPA Australia.

*See page 8 for more on WIL

QUICK FACTS

CRICOS Course Code:	106410A
Accreditation Status:	Active
AQF Level:	7
Campus:	Northern Beaches Campus, Manly *
WIL:	Minimum 600 hours
FEE-Help:	Yes (domestic students only)
Study Mode:	On-campus / Online, subject to availability
Start:	Feb / May / Aug
Mid-Term Intakes:	Mar / Jun / Oct / Dec (when offered)
Course Duration:	3 years (or part-time equivalent)
Accelerated Duration:	2.3 years

**Certain core subjects may be offered in the City Campus, subject to availability*

“ICMS gives me a chance to experience both study and work at the same time.”

A UNIQUE EXPERIENCE

ICMS offers everything that you'd expect from Australia's leader in career-focused higher education, and more. Alongside your academic journey, you will have the opportunity to join such as sporting teams, student clubs, enjoy modern facilities and choose from several residence options.

ICMS has two campuses; the iconic traditional sandstone Northern Beaches Campus, affectionately called the 'castle on the hill', which offers sweeping

views over Manly Beach, and the new modern, vibrant and centrally-located City Campus. These spectacular locations offer a student experience that would be hard to beat anywhere in the world.

Global Community
You will build life-long friendships and connections with students from over 55 different countries.

Small Class Sizes
Small interactive classes mean you will develop strong relationships with fellow students and teachers.

Industry Training (Work Integrated Learning)
Your degree includes a minimum of 600 hours real-world industry placement.

Extra Learning & English Support
We give you every chance to succeed so you get access to personal study assistance and wellness support.

Campus Accommodation
Choose to make the most of college life by living in student accommodation on or off campus.

'Castle' by the Beach
Study in the iconic 'castle on the hill' within walking distance to Manly and Shelly beach.

City CBD Campus
Use convenient and modern campus facilities close to transport and the business centre.

Sports, Clubs & Associations
Make friends and get involved in social and sporting activities both on and off campus.

ICMS IS ALL ABOUT YOUR CAREER SUCCESS

WHAT DOES SUCCESS MEAN TO YOU?
Everyone has a different idea of what success means to them. That's why we start with YOU. No matter what you study, we'll walk beside you to create a personalised educational experience to ignite your career and mentor you to professional success.

BUSINESS LEADERSHIP IN A GLOBAL CONTEXT.
Like you, we recognise the importance of developing global professional expertise and business maturity. From professional attire to built-in Work Integrated Learning (WIL) subjects, an ICMS career-focused education positions you for leadership in a rapidly-changing world. That's one of the reasons why up to 90% of our graduates are already employed in their field when they graduate*.

**Internal Graduate Survey 2018*

TURNING VISION INTO VALUE

The Bachelor of Business (Accounting) has been designed to develop the following graduate capabilities:

Team Work
Able to work collaboratively within and across teams.

Proactivity
Independent, self-directed and lifelong learners, reflective in their practice.

Innovative Problem Solving
Innovative, ethical and critical thinkers with highly developed leadership and problem-solving skills.

Communication Skills
Effective communicators of knowledge and ideas within and across professional and cultural boundaries.

Experience Matters
Work-ready with the intellectual rigour to make effective contributions to their discipline and/or profession.

Socially Aware
Culturally and socially aware with the capacity to apply their knowledge in local, national and international contexts.

Digital Knowledge
Equipped with digital literacies for living and working in a technology-reliant society.

Management Discipline
Capable of implementing sustainable management practices.

DEGREE STRUCTURE

With a Bachelor of Business (Accounting) you will be industry ready. You will combine accounting and business studies in 3 years of full time study (or equivalent part time). This equates to a minimum of 600 hours of industry experience and 180 hours of self-study.

On your return from industry training we concentrate on developing your strategic management skills, getting you ready for a leadership role as a well-rounded manager.

One study period is equivalent of one trimester of study (1 orientation week and 13 weeks of subject delivery and assessment). The accredited full-time study load is 3 years. There are normally a minimum of two weeks holidays after each study period.

SAMPLE STUDY PATTERN

1ST YEAR	TRIMESTER 1 (13 WEEKS) - 4 subjects taken
	TRIMESTER 2 (13 WEEKS) - 4 subjects taken
	TRIMESTER 3 (13 WEEKS) - 4 subjects taken
2ND YEAR	TRIMESTER 4 (13 WEEKS - 300 hours) - work integrated learning
	TRIMESTER 5 (13 WEEKS - 300 hours) - work integrated learning
	TRIMESTER 6 (13 WEEKS) - 4 subjects taken
3RD YEAR	TRIMESTER 7 (13 WEEKS) - 4 subjects taken
	TRIMESTER 8 (13 WEEKS) - 4 subjects taken

Note: The course information in this brochure is indicative of a sample study pattern only and is subject to change. Enrolled students will be made aware of changes to their course structure or subjects. Not all subjects are offered every trimester. The Academic Consulting Office can assist you with subject selection and structuring your course. A typical full-time study load is between 6 and 8 subjects per year (an equivalent to 24 credit points).

SUBJECT SNAPSHOTS

ACC120A MANAGEMENT ACCOUNTING I

This Management Accounting I subject will enable students to learn the knowledge and skills required of managers who are working in the current complex and diverse business environment. The subject examines costing, cost management, budgeting, forecasting, variance analysis and pricing. Students will learn a variety of skills to assist in interpretation and presentation of accounting information to various stakeholders. Students will also learn about and practice the processes and techniques of management accounting that focus on the effective and efficient use of organisational resources.

ACC302A AUDIT AND ASSURANCE

This subject is designed to show students how to provide assurance that the accounting information contained within financial statements can be relied upon. This subject is designed to introduce students to the key concepts of auditing and the modern audit practice environment within the Australian professional and legal framework. This subject aims to provide students with the knowledge and skills required to help conduct an audit. It addresses issues from the initial audit plan, to the study of internal controls and to the final audit report. This subject will include assessment of auditing standards and audit requirements under the Corporations act.

ACC203A FINANCIAL ACCOUNTING II

The aim of this subject is to further develop students' understanding of financial accounting concepts and skills, including understanding and application of more advanced financial accounting concepts, International Financial Reporting Standards (IFRS) and Australian Accounting Standards, accounting policies and scenarios requiring professional accounting judgement. Students will learn and apply particular transactions and arrangements, business combinations, international accounting transactions and financial reporting. The subject expands on financial accounting's theoretical base and provides meaningful, practical applications to real world business scenarios. Students will utilise current industry relevant information technology tools, including the cloud-based Xero accounting software.

REAL WORLD
PROFESSIONAL
PLACEMENT

ABOUT WORK
INTEGRATED
LEARNING (WIL)

All ICMS degrees include Work Integrated Learning (WIL) subjects in which students undertake a placement with an industry partner (also known as Professional Placement or an Internship). Your placement is facilitated by our dedicated ICMS on-site WIL team who provide coaching and guidance throughout.

Your real-world industry experience prepares you for your future career in your chosen field of study. It allows you a unique opportunity to create a positive first impression with industry and develop strong professional and career networks; to demonstrate and further develop your real-world employability; and to fully explore your chosen industry to best inform your future career decisions.

There are two stages in the ICMS WIL program:

Pre-Placement Program

During your first year of study you will undertake a Pre-Placement Program. You will prepare a resume, attend a career workshop, practice interview techniques and gain the necessary knowledge and skills to secure a placement.

Your Placement

Our on-site team of WIL facilitators work with over 1000 industry partners to find the right fit for you to learn the most about your future career. We find a suitable placement that is the best fit for your skills, interests and professional goals. Your professional placement could take you to a major city or regional area in Australia. You could even take up a position in an international city.

Whilst you are out on placement you can work throughout two study periods* (including the Christmas term break), which means you could gain up to 9 months of professional placement experience before you graduate. And because this is part of your degree, international students, like domestic students, may work full-time during their placement and during term breaks.

*One study period is equivalent to one trimester of study (1 orientation week and 13 weeks of subject delivery and assessment)

WHERE CAN THE DEGREE TAKE YOU?

When you graduate with an ICMS Bachelor of Business (Accounting) you will have transferable skills, industry experience, and in-depth knowledge of business management principles in practice. This will see you ready for a career that spans industries and continents. You could work in a multinational company locally or take your skills and experience around the world.

The possible career opportunities can include but are not limited to:

BUSINESS MANAGER:
Business Managers are experienced leaders who are primarily responsible for the administration and financial control of a business or organisation.
