Business Management

# WHY

## Business Management?

Money makes the world go round, and a career in business management puts you in the driving seat as a leader in the business and corporate world.

An ICMS Bachelor of Business Management offers a 360 degree look at all the activities associated with running a company, such as controlling, leading, monitoring, organising, and planning. You will drill down into the fundamentals of what makes business work, looking at finance, accounting, marketing, human resource management, and administrative functions.

Business Management is an ideal choice for anyone wanting to fast-track their career or learn more about the realities of starting or managing a business which may stretch across any sector or industry. Whether you choose to stay local or are ready to go global, the corporate ladder is just waiting to be climbed.

## Specialise with your Business Degree

You can choose to specialise in one of three highly sought after areas of industry. Alternatively, you can choose to study a range of subjects across the spectrum of business electives.

### Entrepreneurship

Entrepreneurs are made, not born. You can develop the tools and the skills to become an economic innovator, to think creatively, and to balance opportunity against risk. In the Entrepreneurship specialisation you will learn to identify and exploit business opportunities and manage business growth. You will learn how to build, promote, and manage your own businesses by understanding the processes used by start-ups and rapid growth small firms, as well as large corporations and non-profits.

### Marketing and New Media

As companies and individuals share, sell and swap goods and information via the digital world, there are new opportunities and challenges for marketers. New media has seen the power shift in the way consumers and retailers relate. With a greater public voice, consumers are taking a more active role in their purchase decisions. Any business involved in marketing requires the tools, tactics, strategies and processes needed to create, track, and manage new media. Learn to make technology and social media work for you with integrated traditional and digital marketing communication strategies.

# Your DEGREE AT A GLANCE

including

# up to 9 months

of industry training related to your degree. Get a head start with professional networking and acquire real work skills to give you a competitive edge.

Business management professionals are the people who get things done. They oversee the performance of teams and operations to maximise a company's potential for profit. To achieve this they need to be skilled in all areas of business including sales and marketing, accounting and finance, human resources, communication and negotiation, logistics, legal issues and leadership. Every organisation in every industry requires management professionals. This makes Business Management one of the most versatile and rewarding careers available to you.

The ICMS Bachelor of Business Management is highly regarded by the professional services industry. Your Business Management degree at ICMS is a well-rounded qualification with opportunities for in-depth study in a professional services sector of your choice. Your core subjects are supplemented with business electives or specialist industry electives in a range of study areas.

## YEAR 1

### Explore & Grow

Explore the curriculum and develop fundamental knowledge of the course.

## YEAR 2

### Work & Learn

Put theory into practice with hands-on industry experience with ICMS's industry partners.

## YEAR 3

### Develop & Excel

Gather what you have learnt from industry experience and develop your strategic management skills. Graduate management ready for a leadership role.

## DEGREE STRUCTURE

### Degree length: 2.75 years full time

With a Bachelor of Business Management you will be industry ready. You will combine business and management studies, specialised business subjects and up to 9 months of industry training in 2.75 years of full-time study (or equivalent part time).

It all starts with some seriously experienced lecturers and industry professionals who come from across the globe to give you a truly international perspective of the industry. First you'll learn the essentials of professional service, focusing on strategic management, marketing, human resources, finance, accounting and economics. This prepares you for your industry training, typically taken at the start of your second year. On your return from industry training you will focus your studies on areas of business specific to your interest.

# WHERE

## will my degree take me?

At ICMS we train you to be a leader in business. When you graduate with an ICMS Bachelor of Business Management you will have transferable skills, industry experience, and in-depth knowledge of business management principles in practice. This will see you ready for a career that spans industries and continents. You can work in a multinational company locally or take your new found skills and experience around the world.

The possible career outcomes can include but are not limited to:

- Business Analyst
- Business Development Coordinator
- Entrepreneur
- Management Consultant
- Marketing Manager
- Merchandising Manager
- Retail Account Manager
- Sales Representative

When it is time to embark on your industry training, we work closely with them to find a suitable placement that is the best fit for your skills, interests and professional goals. Your industry training could take you to a major city or regional area in Australia. You could even take up a position in an international city. It is all part of finding the best placement for you. Not only is this an invaluable experience, it is also a chance to grow your professional network. For many of our graduates, this experience introduces them to their future employers.

# WHO

can you become?  
Hear it from our graduates.

“ My ICMS degree equipped me with the business skills, presentation and discipline required to succeed. Not only that, the relationships with my peers and the lecturers and wealth of knowledge that they brought to each class was invaluable. ICMS prepared me not only academically but professionally, which has been an advantage in succeeding in a very competitive environment.

**Nathan Novacek**  
Student  
Bachelor of  
Business Management

“ ICMS encouraged me to get as much hands-on experience throughout my degree which definitely helped in the beginning of my career.

**Jessica Good**  
Events Production Coordinator -  
Northern Beaches Council

“ Study at ICMS. You'll never dread a day of degree in your life.

**Jack Verberne**

Colliers International Australia

# WHAT

will separate you from  
the other graduates?

### A Business Degree designed by the best, for the best

The ICMS Bachelor of Business Management has been developed and is continually updated by industry professionals, including business managers, specialist managers, and retail and service professionals. This ensures that degree content is constantly relevant to the needs of industry. You will gain specialist knowledge in business management and be trained to work in an international environment.

### Up to 9 months of real-industry experience

When you graduate from ICMS you'll have more than just a degree. Built into your qualification are up to 9 months of industry experience. Our industry training consultants will help place you in an organisation relevant to your studies so that after your degree you'll have an impressive CV, a network of contacts and a significant advantage over other graduates.

### You'll think outside the box and outside the classroom

Theory is important, it will teach you the fundamentals you need to be a business management leader. But nothing is as valuable as putting theory into practice. In addition to your industry training, you'll gain hands-on experience through practical classes. Field trips and site visits with our industry partners will get you learning about business operations and management issues from the best in the business.

### You are an industry leader in training

This degree is far more than a business training program. You will combine general business subjects with a range of subjects from business specialisations, training you in the critical thinking and analytical skills you'll need to move into management when you graduate.

### We're the global industry experts

At ICMS we have lecturers with international careers and extraordinary business expertise. Guest lectures from our network of industry partners will keep your learning fresh, relevant and up to date with the latest demands from industry and your future employers.
