The International College of Management, Sydney (ICMS) is a leading business school, offering a balance of management and practical training within a culture of innovation and entrepreneurialism. We are a community of scholars, industry professionals and students working together to produce global business leaders. Since 1996 ICMS has helped thousands of graduates embark on successful careers.

ICMS is at the forefront of next generation education. This is our commitment to providing you with a curriculum that incorporates rigorous academic study with comprehensive professional experience. As management specialists, we are closely connected with industry. Our Master's degrees have been developed in consultation with industry to ensure they are highly relevant with an emphasis on work integrated learning. At ICMS, our connections are your connections. Throughout your degree you will have practical opportunities to strengthen your industry-specific skills. You will also work directly with industry. It is all part of preparing you for management and leadership roles in global business.

“We train ICMS students to be leaders of industry. Our postgraduate degrees combine rigorous coursework, academic research, professional relevance and practical skills. Our graduates are analytical problem solvers with a depth of industry knowledge and professional industry experience. Our graduates leave ICMS ready to succeed as outstanding business leaders.”

Dr Leonid Petrov
Head of Postgraduate Studies
WHY POSTGRADUATE STUDY AT ICMS?

WORK INTEGRATED LEARNING
Work integrated learning and an intensive industry based research project are experiences that will differentiate you from competitors in the job market. All Master’s students must complete a work placement of 600 hours related to their studies and submit a rigorous research report.

ICMS will work with you and our industry partners to tailor work placements to your interests, skills and expertise. An industry-experienced ICMS academic supervisor will oversee your placement and project, guiding you in your professional development. Our Master’s graduates leave ICMS with the industry connections and experience they need to move directly into management roles.

GENUINE DIVERSITY OF INTERNATIONAL STUDENTS
ICMS is a global community. Our students come from more than 40 countries as far reaching as Europe, South America and Asia. Our graduates go on to work as industry professionals worldwide. We are proud of our diverse student population, which includes experienced managers and recent graduates seeking advanced study. This diversity adds to the vibrancy and intellectual vitality of the student experience.

QUALITY AND CONTEMPORARY CURRICULUM
At ICMS you will experience our next generation education. We believe in a curriculum that blends a thorough understanding of the theoretical principles of management, with innovations in hands-on, practical education. We work closely with industry to deliver a highly relevant postgraduate curriculum that includes the latest conceptual tools and innovative approaches to contemporary business.

Our ICMS Centre for Applied Research in Professional Services Management engages in applied research and scholarly activity to promote and strengthen the link between teaching, applied research and industry practice. We ensure our curriculum and research is relevant, practical and visionary.

TEACHING FACULTY
You will learn directly from internationally experienced academics. The collective expertise of our teaching faculty spans industries, countries and careers. Positions have included sales and marketing directors, financial analysts, destination marketers, CEOs, management consultants and corporate trainers. Our teaching staff are industry professionals and many maintain professional roles outside academia. They are committed to the teaching and learning of our students, delivering a challenging, engaging and cutting-edge education. They are joined by our guest speakers who bring their own perspectives on the latest movements in industry and share their business and management strategies.

SMALL CLASS SIZES THAT SUIT YOUR STUDY REQUIREMENTS
As industry specialists we understand the demands of working professionals. Our flexible timetabling lets you choose subjects to suit your lifestyle. We offer regular weekly classes in the day or evening. You may also select some of our intensive classes over week ends to accelerate your learning.

All our Master’s classes are taught in a seminar style. We have found that small interactive classes are the best way for students to gain a deeper understanding of business and management trends as they collectively examine and discuss key issues in industry. Small classes also strengthen the working relationship between students, teaching staff and guest speakers.

EMPHASIS ON INDIVIDUAL SKILLS DEVELOPMENT
Skills in analytical thinking, negotiation and persuasion are what makes a Master’s graduate a business leader. These are the soft skills of hard business that we embed into our Master’s subjects. Combined with your academic knowledge and practical industry training, these skills will differentiate you from others in a competitive job market.

FRIENDLY AND SUPPORTIVE CAMPUS EXPERIENCE
Postgraduate students can sometimes forget the importance of a well-rounded work-life balance. Our Student Experience Team organise social events to help you maintain that balance. We organise surfing trips, skiing trips and theatre visits so you can take advantage of everything Manly, Sydney and Australia have to offer. ICMS has several student clubs and associations as well as rugby, netball and futsal teams. Our staff and students are connected in a way that just wouldn’t be possible in a large university, making for a unique campus experience.

AUSTRALIA’S MOST BEAUTIFUL CAMPUS LOCATION
It would be hard to find a college in a more spectacular location than our campus in the Sydney beachside suburb of Manly. Ocean panorama, parklands, and the citysacpe are all part of the view from the commanding sandstone building that is home to ICMS. The campus is a five-minute walk to famous Manly Beach, one of Sydney’s premier surfing beaches. Manly’s vibrant shopping precinct is well known for its cafes, restaurants and nightlife. Some of our subjects are also taught at our city venue, conveniently located in Sydney CBD. This means you have the option of studying select subjects in the city with evening classes and access to modern teaching facilities.
ICMS postgraduate programs combine in-depth business and management coursework with specialist electives and an Industry Research Project to provide a practical and relevant learning experience. Whether you are looking to advance your career or give it a new direction, an ICMS Master’s degree will help you achieve your professional objectives.

Your degree will include the fundamentals of management, accounting, marketing, strategic intelligence and finance. You will develop your understanding of contemporary issues relating to services management, operations management, and leadership, including ethical and legal dimensions. When you graduate you will have an advanced understanding of the complexities of decision making and strategic thinking.

In two years or less, you’ll have a postgraduate qualification and practical industry experience to enter the fields of hospitality and tourism, international business or general management.

DEGREE STRUCTURE

All ICMS Master’s programs consist of the following:

- 3 semesters (12 subjects) of in-depth coursework plus one semester to complete an Industry Research Project.

- Your Industry Research Project involves 600 hours working with an organisation in your industry. It may be based on either a real-world problem identified by an ICMS industry partner, or an in-depth research assignment that allows you to apply the skills or knowledge you have learnt during your postgraduate studies.

Note: As a full-time student, you will complete a research project with the assistance of academic supervision in your final semester while working with an organisation. As a part-time student, if you are working full time you may undertake the Industry Research Project concurrently with your studies.

- 2 year program duration means international students are eligible to apply for the 2 year post study work visa upon completion.
If you’re looking for a business career beyond national borders, you’ll need an internationally recognised qualification that takes a world view of business. The Master of International Business looks at business from a global perspective covering key areas of trade and finance, economics, accounting, marketing, human resources and people management. Crossing the spectrum of business and government, you will broaden your understanding of trade development, policy making and planning, and learn the framework to develop a successful international business strategy. Your strategic thinking will incorporate global perspectives, considering the political and cultural climates that impact international business.

Our Master of International Business graduates engage with international markets as leaders of industry, in Australia and across the globe. They pursue roles such as export and import managers, government trade officers, international management consultants, international travel managers, and more.

### DEGREE STRUCTURE

**Duration:** 2 years

**Foundation Subjects**  
Choose 4 from below:
- Economics and Finance for Business
- Accounting Fundamentals
- Managing People and Organisations
- Principles of Marketing
- Introduction to Human Resource Management
- Cross Cultural Management

**Specialisation Subjects**
- International Finance
- International Accounting
- International Trade and Banking
- International Marketing

**Capstone Subjects**
- Foundations of Management Thought
- Leadership Skills
- Managing Service Relationships
- Service Operations Management

**Work Integrated Industry Research Project**

### A SNAPSHOT OF YOUR SUBJECTS

**International Finance**
Develop the skills you need to be a finance manager working within global financial systems. You will learn how international corporations make financing and investment decisions. You will examine the foreign exchange market and its operation; the relationships between exchange rates, interest rates, and price levels; and the financial instruments that facilitate the conduct of international corporate activity, including currency risk management.

**International Accounting**
In a global business you need to understand the varied accounting practices of international clients, partners and commercial operations. Financial reporting, foreign currency, international pricing, taxation, and the legal aspects of commercial enterprises all impact on the way a company conducts business across international borders. In International Accounting you will learn the international accounting systems and business decision-making techniques to work in a global marketplace.

**International Trade and Banking**
International trade is more than 25 percent of the world’s GDP and banking in the global marketplace is known to be potentially lucrative. Learn about the risks and rewards of international trade and banking by examining the empirical contributions and theory that underpin these global business enterprises.

**International Marketing**
Marketing on a global scale requires an awareness of the diverse economic, political, technological, social and cultural aspects of overseas markets. In International Marketing you will learn how to apply marketing principles to prepare marketing strategies that are sensitive to the nuances of your international target markets.
MASTER OF MANAGEMENT  
(TOURISM AND HOSPITALITY)

The Master of Management (Tourism and Hospitality) trains you to be a business leader in the growth industry of tourism and hospitality. It is a modern business degree designed to develop your strategic thinking and conceptual, analytical and practical skills. This specialisation in the Master of Management lets you shape your study around your experience and professional interests in tourism and hospitality, while gaining a postgraduate degree that is grounded in the fundamentals of business leadership. Graduates work in international management roles across the private and public sectors including destination sales and marketing, travel and tourism consultancy, conference and event management, tour wholesaling and operations, tourism bureau management, attractions and resort management.

A SNAPSHOT OF YOUR SUBJECTS

International Tourism
Conduct your own travel research as you develop an international tourism strategy and marketing plan. In International Tourism you will examine a diverse range of tourism systems, each with varying resources, geography, and stages of political and economic development.

Tourism and Hospitality Marketing
Marketers are skilled at understanding how consumers think. In Tourism and Hospitality Management you will learn to develop strategies that predict and respond to consumer market trends. You will learn conceptual and practical marketing skills including event marketing strategy, destination marketing, special interest tourism as well as public policy, ethical and environmental issues.

Hospitality Property and Facilities Management
Construction, renovation, management and maintenance of property are essential considerations in facilities management positions in the hospitality industry. You will learn about the role of architectural design and construction methods in managing your hospitality property.

  - Service Operations Management

Plus
- Work Integrated Industry Research Project
MASTER OF MANAGEMENT  
(MANAGEMENT AND ORGANISATIONS)

The Master of Management (Management and Organisations) is a postgraduate business degree designed to sharpen your industry knowledge and prepare you for a leadership role. It is a modern business degree that will develop your strategic thinking and conceptual, analytical and practical skills. Studying a specialisation like Management and Organisations lets you specialise in an area relevant to your professional interest. Alongside business essentials such as economics, finance, marketing, and accounting you will also examine contemporary business practice such as leadership and innovation, and media management. You will further your understanding of best practice for managing people and organisations and develop skills in strategic intelligence.

DEGREE STRUCTURE
Duration: 2 years

Foundation Subjects (Choose 4 from below)
- Economics and Finance for Business
- Accounting Fundamentals
- Managing People and Organisations
- Principles of Marketing
- Introduction to Human Resource Management
- Cross Cultural Management

Plus
- Management and Organisations Specialisation
  - Strategic Intelligence
  - Entrepreneurship and Innovation

  - Elective from Master’s subjects

Plus
- Capstone Subjects
  - Foundations of Management Thought
  - Leadership Skills
  - Managing Service Relationships
  - Service Operations Management

Plus
- Work Integrated Industry Research Project

A SNAPSHOT OF YOUR SUBJECTS

Strategic Intelligence
Develop your strategic intelligence for use in sales, marketing, finance, communications and management. Sharpen your cognitive skills with advanced study in the economic, political, socio-cultural, demographic, global, physical and technological aspects of strategic intelligence.

Entrepreneurship and Innovation
Entrepreneurs are innovators and this subject will teach you to harness your skills in these areas to manage local and global business initiatives. You will develop the knowledge and skills needed to create a professional competitive advantage in your own business.

Media Management
Effective and responsive media management and a contemporary corporate communications strategy are vital in today’s social media and 24/7 news cycle landscape. You will learn to plan, analyse, and implement integrated marketing communication strategies that encompass the audience and environment, measurement and the media.
Comprising four subjects (one semester of study) it is ideal for:

• Professionals who have already received a Bachelor’s degree and would like to upgrade their qualifications.
• Study abroad students seeking a formal qualification upon completion of their semester with ICMS at a postgraduate level.
• Those looking to build their qualification incrementally.

Graduate Certificate subjects can count towards all ICMS Master’s degrees.

• Professionals who do not hold a Bachelor’s degree, have over five years of work experience and want to gain a postgraduate qualification.

Graduate Certificate of Business subjects may be selected from the full range of subjects available in the ICMS Master of International Business or Master of Management (all specialisations). Students whose Bachelor’s degree is not in the area of business/management typically take the following four subjects:

• Managing People and Organisations
• Accounting Fundamentals
• Economics and Finance for Business
• Principles of Marketing

ACCOMMODATION

When you study at ICMS you’ll have a variety of accommodation options available; from living on campus to finding lodging off campus, either alone or in a shared house with classmates. Students who live on campus enjoy a fantastic lifestyle with all meals provided, wireless internet, 24-hour access to computer labs, as well as the luxury of being in close proximity to classes, and the world famous Manly Beach. Rooms are equipped with a desk, wardrobe, heating, personal phones and wireless internet. You will have the choice of a single, double or triple dormitory room, depending on your budget, residential preference and availability. For more information visit www.icms.edu.au/accommodation
CHOOSE YOUR PROGRAM
Read the guide to choose the program that suits your personal and professional goals. You’ll also find more information online at: www.icms.edu.au/courses/postgraduate

CHECK THE ENTRY REQUIREMENTS
Check the academic and English language entry requirements for each qualification. Remember, you don’t have to hold a business or management undergraduate degree to gain entry into the Master of International Business or Master of Management. You can start with the Graduate Certificate and then progress to a Master’s degree.

SUBMIT YOUR APPLICATION
You can apply online at www.icms.edu.au/postgrad-apply

ACCEPT YOUR OFFER
Once we process your application you will receive a Letter of Offer. Please sign and return this to ICMS.

APPLY FOR YOUR STUDENT VISA (INTERNATIONAL STUDENTS ONLY)
All international students require a visa to study at ICMS. Visit www.immi.gov.au for more information.

COME TO ORIENTATION AND ENROLMENT
Now you’re ready to begin your postgraduate studies at ICMS. Come to O-Week, officially enrol in your classes, get your timetable and meet your classmates and lecturers. You will be sent information inviting you to attend O-Week closer to the commencement of your degree.

HOW TO APPLY

1. CHOOSE YOUR PROGRAM
2. CHECK THE ENTRY REQUIREMENTS
3. SUBMIT YOUR APPLICATION
4. ACCEPT YOUR OFFER
5. APPLY FOR YOUR STUDENT VISA (INTERNATIONAL STUDENTS ONLY)
6. COME TO ORIENTATION AND ENROLMENT
