- 2 0 2 1 -

Welcome

“ Our mission is to build a supportive community around our students. Our students are given every opportunity to succeed, surrounded by people who believe in them - when this happens, they can achieve amazing things!

Message from Anastasia Babkina, ICMS Engagement Manager

I am delighted to introduce myself as your key contact at the International College of Management, Sydney (ICMS).

This annual magazine is designed as a useful resource for schools, in particular for Career Advisors. We are happy to have this edition back in print after the disruptions of last year.

Our team of Student Advisors are looking forward to working with your Class of 2021 students to create a personal educational experience which will ignite their careers and set them on the path to professional success.

We are here to offer students advice and assistance on:

- Applying for Early Entry
- Eligibility for the Elite Athlete and Performer Program
- How to qualify for the Leadership Entry Program
- What is involved in a scholarship application
- How to select UAC preferences
- How to accept an offer
- When it's better to apply direct
- What to do if you don't meet entry requirements

On top of that, anything else that helps smooth the transition to higher education in what can be both an exciting and a daunting time in their lives.

I am looking forward to getting to know you - and your school - as well as assisting your students on their path to higher education.

Anastasia Babkina
Ph: (02) 9466 1240

Why

The International College of Management, Sydney (ICMS) is a leader in career-focused education offering university-level undergraduate bachelor degrees and postgraduate master degrees

At ICMS we work with our students to create a personalised educational experience to ignite careers and mentor them to professional success.

HOW DO WE SET STUDENTS UP FOR PROFESSIONAL SUCCESS?

- Students study business-focused degrees specialising in various exciting and potentially lucrative industries such as Business, Entrepreneurship, Marketing, Events, Fashion and Global Brand Management, Accounting, Hospitality, Sports Management, International Tourism and Property.
- Industry Training, also known as an internship, is included as a part of every degree – and we organise it all for our students through our network of partners. Our contacts become their contacts.
- Degrees have been designed in conjunction with industry, so our students develop skills your future employers really want. In fact, ICMS scored higher than Group of 8 (Go8) Australian universities in the meaningful area of skills development.*
- 'Active learning' means students do work-relevant assessments – as they would in the real world.
- From the start, ICMS helps students to develop a career mindset through:
 - Professional attire on campus
 - 'Pathway to Success' first-year subject
 - CV writing and LinkedIn training
 - Interview skills training
 - Career Hub
 - Mentoring opportunities
 - Student Success Centre

Of course, will also want a memorable, fun campus experience. ICMS offers everything that you'd expect from a traditional university, such as: on-campus accommodation, sporting teams, student clubs, and world-class facilities.

As well as online classes, ICMS has three campuses for face to face lectures:

- The iconic traditional sandstone Northern Beaches Campus, affectionately called the 'castle on the hill', which offers sweeping views over Manly Beach
- The beachfront Esplanade Campus
- The new modern Sydney CBD Campus

These spectacular locations offer a student experience that would be hard to beat anywhere in the world.

Operated by ICMS, Aspire Institute and the International Sport College of Australia (ISCA) are pathway institutions offering diplomas as stand-alone qualifications or as a pathway to the second year of a bachelor degree.

* Quality Indicators for Learning and Teaching (QILT) survey 2019

I love the close-knit community at ICMS. I have made so many good friends already and know that if I were at a huge uni this probably wouldn't have been possible. I have also established relationships with my lecturers and some of the other staff. Being from a smaller high school, that's what I am used to.

Undergraduate Courses

BACHELOR OF BUSINESS

Business continues to be one of the most popular qualifications – and for good reason. A qualification in business equips graduates with universally sought-after skills and offers opportunities in so many diverse roles and industries. The Bachelor of Business is ideal for those who want to make a tangible contribution to the success and growth of a business, push boundaries and challenge the status quo.

UAC CODE: 530016 (MANLY), 530017 (CITY)

BACHELOR OF BUSINESS (ENTREPRENEURSHIP)

Entrepreneurship focuses on developing the skills and knowledge necessary to identify and exploit business opportunities and manage business growth. While there is a specific emphasis on small to medium business and new enterprise creation, opportunities also exist in larger organisations seeking expansion or the development of new products and services.

UAC CODE: 530018

BACHELOR OF BUSINESS (MARKETING)

Marketing is a fast-paced and fluid industry, demanding the best of your business creativity when representing brands and influencing consumer behaviour. The ICMS Bachelor of Business (Marketing) is designed to equip you with the knowledge and acumen you need for a successful marketing career in any industry of this diverse and dynamic business sector.

UAC CODE: 530022

BACHELOR OF BUSINESS

(INTERNATIONAL TOURISM)

International Tourism is the study of the global travel and tourism industry. Channel your adventurous spirit, business acumen and lust for travel into a rewarding career. As an international tourism professional you will be responsible for the management, promotion and marketing of destinations around the world. With an International Tourism qualification from ICMS you will combine core business and management skills with applied international tourism studies ensuring you are poised to enter a career in this exciting industry.

UAC CODE: 530061

BACHELOR OF BUSINESS (SPORTS MANAGEMENT)

The ICMS Bachelor of Business (Sports Management) is a well-rounded and multi-disciplinary qualification that prepares you for sports management leadership. Whether you are interested in managing an individual athlete, sporting team or organisation, your Bachelor of Sports Management will train you to be a leading sports management professional with skills across many sports industry areas.

UAC CODE: 530121

BACHELOR OF EVENT MANAGEMENT

The ICMS Bachelor of Event Management is your backstage pass to a professional business career in event management. From business events including meetings, exhibitions and conferences to social events including weddings, festivals and fashion parades – a professional event manager can make any event look seamless. During your degree you will get real-world industry training.

UAC CODE: 530021

BACHELOR OF HOSPITALITY MANAGEMENT

From a 5 star New York hotel to a sun-drenched island resort, the ICMS Bachelor of Hospitality Management could place you anywhere in the world! Hospitality is one of the world's biggest industries with job opportunities in almost every country. The ICMS Bachelor of Hospitality Management has been developed in conjunction with César Ritz Colleges in Switzerland and features the most comprehensive practical training program in Australia. This is next generation education that gets you in the workforce before you've even graduated.

UAC CODE: 530041

BACHELOR OF BUSINESS MANAGEMENT (FASHION AND GLOBAL BRAND MANAGEMENT)

It takes more than just innovative designs to build a successful fashion brand. Experts in marketing, merchandising, logistics, sales, retailing and more, contribute to bringing a product from the runway to the racks of our favourite stores. You don't need to be the next Anna Wintour or Gianni Versace to make an impact though; if you're passionate about fashion, studying fashion and global brand management is the best way to learn about what fuels this fascinating, multi-trillion dollar industry.

UAC CODE: 530170

BACHELOR OF BUSINESS MANAGEMENT (ACCOUNTING)

If you're thinking of joining the growing league of clever individuals who make up the \$20 billion accounting industry in Australia, studying a business degree with an accounting focus will put you in a strong position to kick-start your career. The ICMS Bachelor of Business Management (Accounting) combines business, management and accounting studies to help you emerge a well-rounded accounting professional ready to provide real business value.

UAC CODE: 530160

BACHELOR OF PROPERTY (DEVELOPMENT, INVESTMENT AND VALUATION)

With a professionally recognised property management degree from ICMS you have a huge earning and employment potential in industries as diverse as industrial, rural, commercial and residential, and in positions from small property management firms to large commercial development companies.

UAC CODE: 530080

PLACEMENT LED TO A JOB OFFER

After initially starting at another institution, Ewan realised that he wanted a degree with more of a business focus – one that would “correlate with trying to pave a way into a successful career”.

He found the **Bachelor of Business (Sports Management)** at ICMS which blends core business subjects with sports specialisation subjects.

“Developing an idea about business models....and being able to balance those business subjects with subjects like **Innovation in Sports Management** makes you keen to go to class and be involved in discussions,” said Ewan.

As part of all undergraduate courses at ICMS there is a compulsory **Work Integrated Learning** program where each student completes a training placement with a company within their chosen industry. Ewan’s placement with **International Premier Events** was so successful they have kept him on as a full-time employee.

Now in his final year of study, Ewan’s advice for future students is to make the most of all opportunities that come your way and remain focused on the end goal because that’s what makes the hard work worthwhile.

“You have to think about the opportunities you are given and create an amazing future for yourself! ” he says.

“

The industry placement aspect of my ICMS degree set me up with connections that will be valued throughout my career.

WHAT IS INDUSTRY TRAINING AT ICMS?

Industry Training or Work Integrated Learning (WIL) at ICMS is any arrangement where students undertake learning in a workplace outside of the institution as a part of their course of study.

It is also known as a 'Professional Placement', 'Industry Placement' or 'Internship'. Bachelor degrees and Master's degrees at ICMS offer two trimesters of professional placement / work integrated learning.

Industry training internships are organised by the ICMS WIL team. The support is individual and personalised and aimed at facilitating the right industry placement for each student's skills, interests and professional goals.

HOW DOES INDUSTRY TRAINING WORK?

There are two stages to the ICMS Industry Training Program:

1. Pre-Placement Program

The WIL Team deliver the Work Integrated Learning Student Preparation Program undertaken in the study period prior to the WIL subject and industry placement. This Program includes workshops, mentoring and mock scenarios that prepare students for their placement.

Topics covered include resume preparation, interview skills and workplace behaviour. The program also includes an individual mock interview. Following the mock interview, the WIL Facilitators will arrange a series of interviews with our quality assured industry partners and generally advocate with industry to host eligible students on placement.

2. Industry Placement

Industry placements can take students to a major city or regional area in Australia. Previously, industry placement has also taken many students to international destinations.

Continued coaching is provided throughout the industry placement, including on-going contact, evaluation and assessment support.

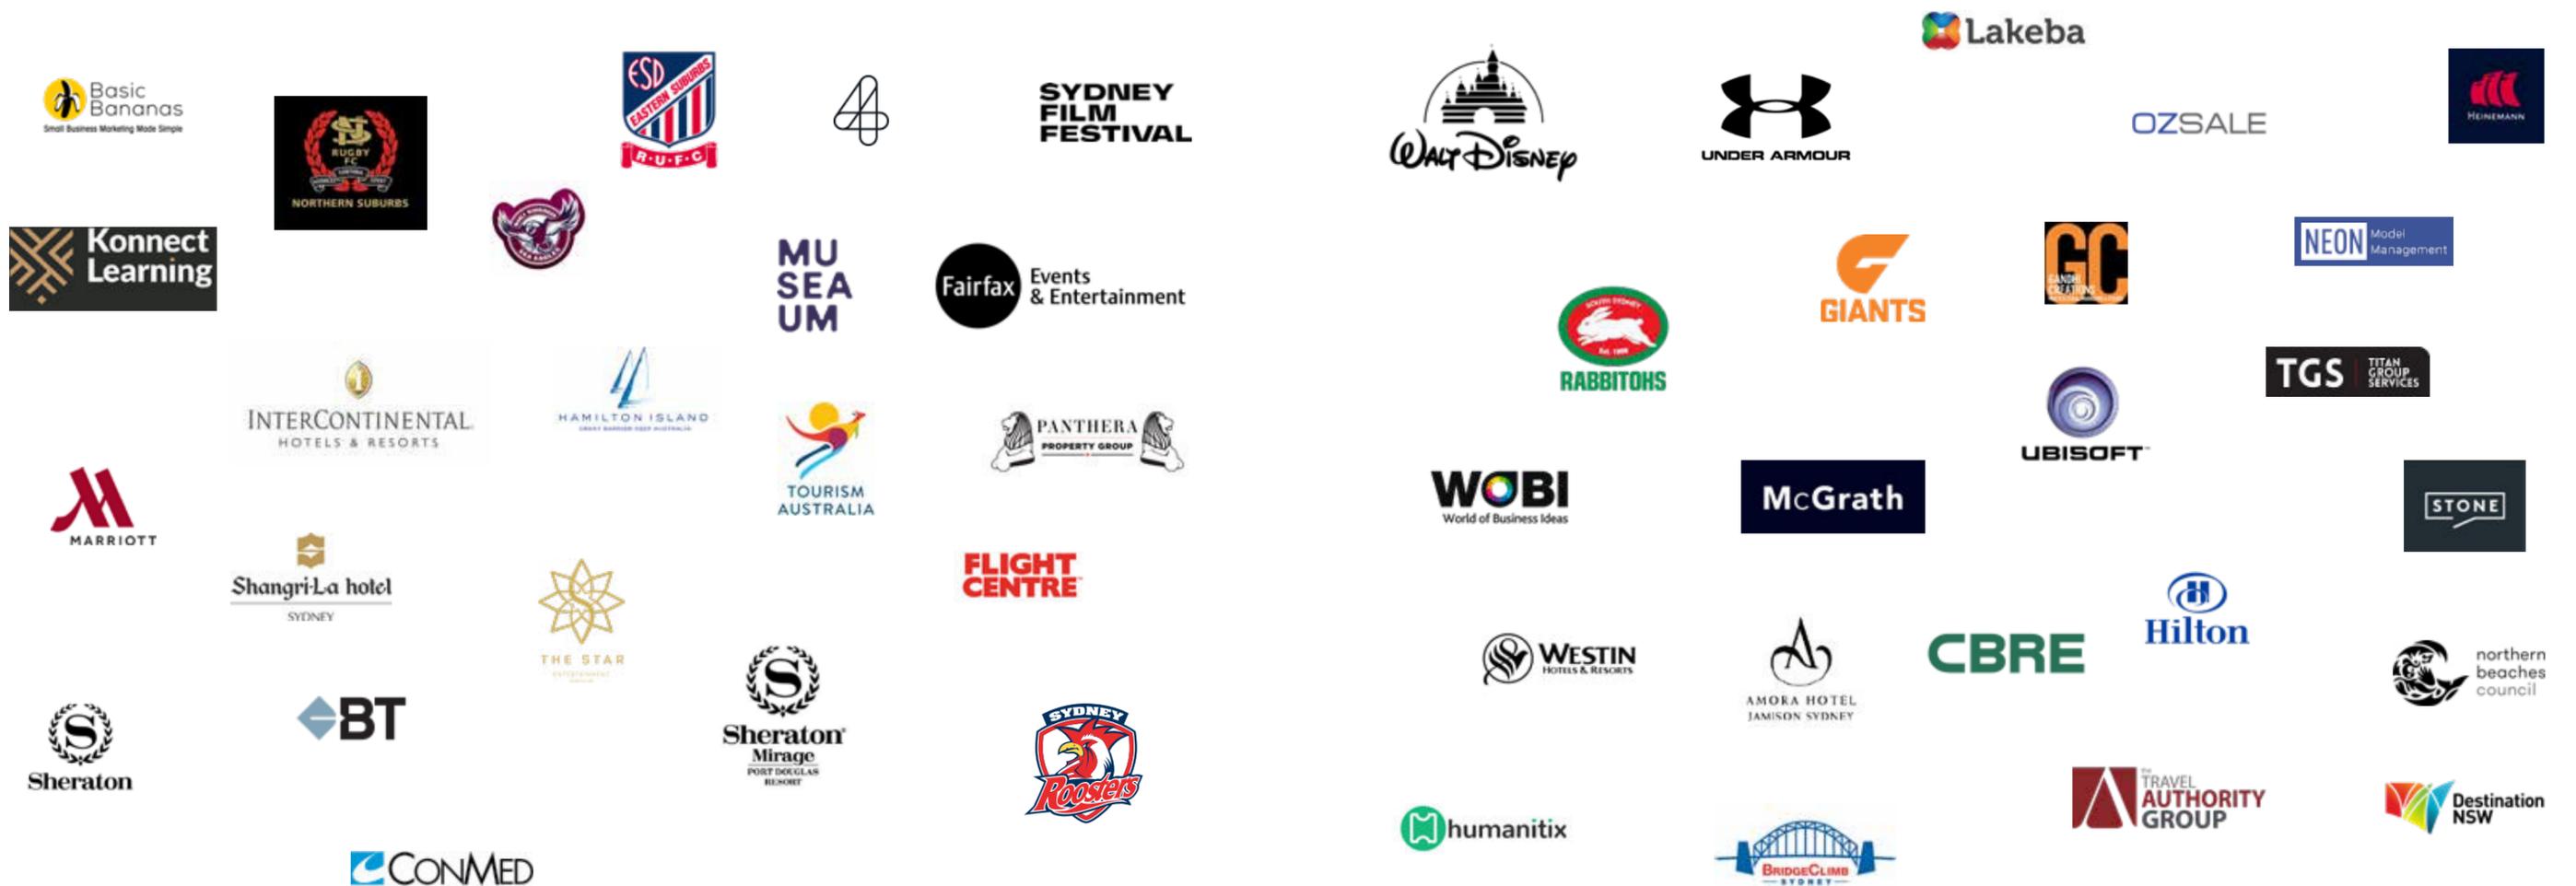

Whilst on placement, students can be engaged by the host industry partner throughout two consecutive trimesters (including the term break), which means they could gain up to 9 months of professional experience before they graduate.

Industry Training

Industry Partners

ICMS has over one thousand internationally recognised, supportive industry partners.

Our students have the opportunity of working with the teams at: Disney, Alceon, Sydney Northern Beaches Surf Lifesaving, SouthsCares, Flight Centre, Channel Seven, Meriton, CBRE, ICC Sydney, Athletics Australia, Fourth Wall, Shangri-La Hotels, Dockside Group, BridgeClimb, Lakeba, The Star, Sydney Film Festival, Fairfax Events, Northern Beaches Council, Optimum Insurance, Ubisoft, HostPlus, ANZ, Sydney Swans, Menulog, Greater Western Sydney Giants, L'Oréal, Panthera, WOBI, Bosch, Hamilton Island, One and Only, Heinemann, or Merivale - to name just a few.

Scholarship: ANZ Corporate-Sponsored Scholarship

HIGH ACADEMIC PLACE (HAP)

Obtaining a High Academic Places (HAP) means part of your tuition fees are subsidised by the institution. Eligibility for an ICMS HAP is available to those applying through UAC and will be assessed on the basis of the outcome from the admissions application interview, in combination with the ATAR. Standard admission criteria still apply for purposes of entry. HAPs are applicable to the trimester specified in the offer only.

In 2020, the International College of Management, Sydney provided more than 80 scholarships with over \$1.6 million worth of tuition and accommodation subsidies for new and current students. This includes Corporate and ICMS sponsored professional scholarships and financial hardship scholarships.

In 2021, so far more than 60 students have already benefitted from scholarships at ICMS.

UNDERGRADUATE NEW STUDENT SCHOLARSHIPS

Under the ICMS Professional Scholarships Program, applicants will be considered for the following sponsorships:

- ANZ Scholarship
- HOSTPLUS Sports Management Scholarship
- HOSTPLUS Hospitality Management Scholarship
- Wotif Scholarship
- Alceon Scholarship

Together with the Corporate Sponsored Scholarships listed above, ICMS Professional Scholarships include:

- ICMS Bachelor of Business Scholarship
- ICMS Bachelor of Business (Marketing) Scholarship
- ICMS Bachelor of Business (Entrepreneurship) Scholarship
- ICMS Bachelor of Business (International Tourism) Scholarship
- ICMS Bachelor of Business (Sports Management) Scholarship
- ICMS Bachelor of Business Management (Accounting) Scholarship
- ICMS Bachelor of Business Management Scholarship (Fashion & Global Brand Management) Scholarship
- ICMS Bachelor of Event Management Scholarship
- ICMS Bachelor of Hospitality Management Scholarship
- ICMS Bachelor of Property (Investment, Development and Valuation) Scholarship

ICMS Professional Scholarships Chairperson, Ann Whitelock Courtney-O'Connor is grateful to our ICMS industry partners for their continued commitment to the program. "ICMS is a leader in career-focused education and without these industry partners that wouldn't be possible," she said.

Other Undergraduate Scholarships include:

- Aspiring Education Foundation Equity - Financial Hardship Scholarships
- Wellington College – Courtney-O'Connor Scholarship
- ICMS & ISCA Equity Scholarships - Tuition and/or Accommodation
- ACCOR ICMS Indigenous Scholarship
- ICMS Indigenous Scholarship
- ISCA (International Sport College Australia) Scholarship

Individual Entry Pathways

At ICMS we provide a range of entry schemes and pathway options for students which consider criteria other than pure academic results. From Early Entry for high-achieving students to Diploma pathway programs for those who may not be ready to commit to a full 3-year Bachelor degree, ICMS pathway programs are designed to recognise the student as an individual.

ICMS LEADERSHIP ENTRY PROGRAM

The ICMS Leadership Entry Program provides consideration for applicants who have demonstrated significant leadership in their school and/or community. Applicants must currently be completing Year 12 studies and are a school captain/vice-captain, prefect or student representative council president/vice-president or member. In addition, ICMS seeks applications from students who have demonstrated leadership through their involvement with community organisations and clubs.

ICMS EARLY ENTRY PROGRAM

ICMS has an Early Entry program for Year 12 students looking to secure an offer to ICMS based on performance in their Year 12 trial exams and an interview.

ICMS ELITE ATHLETES & PERFORMERS ENTRY PROGRAM

ICMS understands the additional pressures placed on students through significant involvement in sport and the performing arts and we believe this should be considered for entry to higher education. The ICMS Elite Athletes and Performers Admissions pathway is for students whose sport or performing arts commitments may have impacted on their studies.

SCHOOLS RECOMMENDATION SCHEME

ICMS participates in the Schools Recommendation Schemes (SRS), which is processed centrally through UAC. SRS allows current Year 12 students to receive early offers of admission. SRS aims to assist entry to ICMS using a wide range of selection criteria other than the ATAR. These include school recommendations and senior secondary studies. Visit the UAC website for more information on SRS.

INTERNATIONAL SPORT COLLEGE AUSTRALIA (ISCA)

For students who would like to maintain their sports training whilst working towards a qualification, an ISCA Diploma presents students with an opportunity to achieve sporting and academic success, and seek further pathways into higher education should they wish. The ISCA pathway program is ideal for students whose sporting commitments may have impacted their studies. An ISCA Diploma provides subject credits needed for articulation to the second year of an equivalent Bachelor degree at ICMS. Visit iscaustralia.edu.au

ASPIRE INSTITUTE

If students do not meet our Bachelor admission criteria they may be eligible to receive an offer for a pathway program delivered through Aspire Institute.

Aspire Institute Diploma courses provide a direct pathway to the second year of a Bachelor degree at ICMS. Successful completion of a pathway through Aspire Institute is equivalent to the first year of the corresponding ICMS Bachelor degree. With a trimester system, students will be able to complete both the pathway and Bachelor degree within three years. Pathway students have access to all ICMS on-campus facilities and support services.

Visit aspire.edu.au

Accommodation

The ICMS campus is within walking distance of 9 beaches and overlooks world famous Manly beach – rated by travel website TripAdvisor as the best beach in Australia. Staying in ICMS student accommodation is the ideal way for students to immerse themselves in student life, make lifelong friends and make the most of their study and leisure time.

Whether students are looking to stay in Manly's iconic 'castle on the hill' or prefer the independence of a self-catered off-campus residence, the ICMS accommodation team can advise students on their options.

Moran House

Moran House is one of Manly's oldest heritage buildings and is fondly known as the 'castle on the hill'. The iconic sandstone building has one of the world's most spectacular views, overlooking several beaches and within easy walking distance to beaches, shops, cafes and nightlife.

Kelly House

The largest of the ICMS student accommodation options, Kelly House is conveniently located alongside Moran House. You'll also find the Library and Student Success Centre in this purpose-built 1950's student residence which, like Moran House, has one of the world's most spectacular views, overlooking several beaches and within easy walking distance to the beaches, shops, cafes and nightlife of Manly.

Claremount Beach House

Claremount Beach House is ICMS' newest student accommodation. An off-campus co-ed beach house, Claremount offers students the perfect balance of independence, while still enjoying all the benefits of a college-managed residence. Located in the bustling heart of Manly village and a short walk to the beach, this co-ed, self-catered residence is ideal for students seeking an off-campus accommodation experience.

Life on Campus

News

ONLINE | FACE TO FACE | BLENDED

Face-to-face, online, and now 'blended-synchronous' classes – the global pandemic's legacy has meant that ICMS students have more classroom delivery options than ever.

The recent introduction of 'Blended-Synchronous' classes takes the ICMS learning experience to a new flexibility level. Blended-Synchronous classes give online students the freedom to join a live class from anywhere in the world and feel like they are present in the class.

NEW DVC

ICMS is proud to announce the appointment of esteemed Professor Dr. Michael Keppell as Deputy Vice Chancellor, Learning and Teaching. Having worked at eight universities across three countries, Dr Keppell brings to the role a wealth of experience, particularly in the dynamic area of learning and teaching.

RECORD SCHOLARSHIPS FOR DOMESTICS

ICMS has boosted the number of Professional Scholarships by 25 per cent to more than 60 students for the February 2021 intake, largely in response to challenges caused by the pandemic. An increased number of scholarships and accommodation bursaries for regional and interstate students were also announced, with the total expenditure rising from \$1.6 million to more than \$2 million in 2020.

7 INTAKES PER ANNUM

The announcement of new ICMS start dates and an aligned calendar for all ICMS and Aspire courses means more choice for commencing students. The 'main' intake dates remain similar to those in previous years – they begin three times per year in February, May and August.

The four new intakes are the three 'mid-trimester' intakes, which will begin in March, July and October, and the 'Summer' intake, which starts in December.

NEW CAMPUS

ICMS recently opened a new City Campus in the heart of Sydney's financial district. This campus is in addition to the college's main Northern Beaches Campus in the beachside suburb of Manly, Sydney, NSW.

The ICMS City Campus is located at 451 Pitt Street, Haymarket NSW 2000.

ACCELERATED & PART TIME OPTIONS

Domestic students are able to complete their bachelor degree in just 2.3 years if they wish to accelerate their studies with four subjects per term. Alternatively, they may also choose to study part-time whilst they continue full-time work.

All ICMS degrees are designed to offer flexibility.

“PUT YOUR TRUST IN ICMS”

“The whole experience of 2020 has made me realise just how important having a tertiary education under your belt is, especially with the scarcity of jobs available now and beyond. I cannot stress how crucial having a degree backing you is, moving forward.”

“My name is Georgina, and I am currently studying a Bachelor of Event Management, recently completing my second year of study here at ICMS.

Four years ago, when I was in year 10, the idea of finishing school and taking on University began to quickly loom and all I can remember was my perception of University at that time being filled with; long commutes, exhaustingly long hours, endless essays and enormous lecture theatres with hundreds of students.

Back then, the idea of going to University became something I started to dread the thought of, and I started to wonder if I even needed a degree and instead just knuckle down and begin full time work? It wasn't until after coming across ICMS that everything changed. After attending the open day in 2016 and meeting the bubbly and enthusiastic staff and students, I knew this place was like no other. The magnificent views and prime location over Manly Beach, the small intimate class sizes without lecture halls and the fact that full time study was only 2-3 days were just a few of the draw cards for me.

To start off my journey at ICMS, I was fortunate enough to receive Early Entry which meant that I had secured my position within the College before taking my HSC, which was an enormous stress relief.

Not long after, I applied for the ICMS Professional Scholarship, in which I fortunately achieved. This is not only an honour, but an incredible privilege.

Following on from this, I decided to apply as a Student Ambassador, which was a way I could give back to the college whilst also completing my studies. I was thrilled to find out that I had been chosen as one of the successful

applicants. Becoming a student Ambassador gave me the opportunity to build a strong network and friendship with other amazing, like-minded Ambassadors, students, teachers and staff. It also gave me the chance to do things that were out of my comfort zone, which I am forever thankful for today.

The opportunities here at ICMS are truly endless.

One of the amazing benefits about studying at ICMS is the approximately 9 months Industry Training that you complete in your second year of study. This year, I was lucky enough to have secured my Internship with an events company. With the variety of challenges and hurdles we have had this year with COVID-19 and especially studying Event Management, I started to have doubts about the industry I was becoming involved in. However, I was determined to still give it my all and really immerse myself in the company to prove my worth.

Just one month ago, before completing all of my Internship hours, I was offered a part-time job with my intern events company as the Social & Events Coordinator. Securing this job has given me first-hand experience and has now put me above other graduates when looking for further employment outside my studies.

I hope that the potential students can relate and connect with my story from one student to another. I hope I will inspire you to take that next leap of faith to put your trust in ICMS to show you the way moving forward.”
